

# HELIOS

## MONO GRADE ENGINE OIL

### Description

Our Helios range includes mono grade engine oils that have been specially developed for the use in tropical circumstances. High humidity and high ambient temperatures ask for higher engine oil viscosities. In most cases, we recommend an SAE 50 for vehicle engines and an SAE 40 for stationary engines. Rymax Helios is a lubricant for gasoline, LPG as well as diesel engines for which the use of an API SF/CD is recommended.

### Performance levels

- API SF/CD

### Benefits

- High dispersancy and detergency level
- Excellent Anti-Wear
- High oxidation resistance
- Prevents hot and cold sludge

### Typical Properties

SAE		40	50
Code		LUB001013	LUB001015
Specific Gravity @ 20 °C	kg/l	0.883	0.891
Viscosity @ 100°C	cSt	15.0	18.0
Viscosity @ 40°C	cSt	157.8	208.1
Viscosity Index		95	95
Flashpoint	°C	240	250
Pourpoint	°C	-5	-5
TBN	Mg KOH/g	6.0	6.0
Color		Min. 4.5	Min. 4.5
Operating Temperature	°C	0/150	0/150
