

CARBURETOR CLEANER

INTERIOR AND EXTERIOR CARBURETOR CLEANER

Description

Rymax Carburetor Cleaner is an excellent cold parts immersion cleaner. It removes grease, gum, varnish, paint and barrel carbon from carburetor assemblies and all metal parts. Works on all types of engines and equipment.

Applications

- Carburetors
- Valves

How to use?

Before use, carefully read the directions on the packaging and act accordingly. The aerosol should have room temperature. Best processing temperature 5 to 30°C. Before use, shake the aerosol.

Switch of the engine and allow to cool down. Remove the air filter. Spray the exterior of the carburetor until the contamination has disappeared.

Spray the visible parts of the interior of the carburetor and allow to take effect.

Start the engine and let idle with very limited speed. Spray the carburetor cleaner several times at the air inlet and increase the speed of the engine. Switch the engine off and install the air filter.

Benefits

- Cleaning without disassembly
- High dissolving properties
- Leaves no residue
- Non corrosive
- Powerful jetspray
- Non-corrosive
- 360° valve

Typical Properties

Carburetor Cleaner	
Contents	400 ml
Basis	Hydrocarbons
VOC-content	Approximately 100% w/w
Colour	Transparent
Scent	Characteristic
Relative density at 20°C	0.84 g/ml
Yield	3.0 g/sec
Vapour pressure at 20°C	3 to 4 bar
Temperature resistant	<21°C
